

## **aha THE REX HOTEL ADDS AN ADDITIONAL 56 ROOMS IN R65M PROPERTY EXTENSION**

**Johannesburg, 11 April 2017 – aha The Rex Hotel, Western Cape;** one of Knysna’s most sophisticated accommodation establishments is currently undergoing an extension to its property. The construction commenced last December and is set to be completed by November 2017.

The project will encompass an addition of 56 new hotel rooms which will maintain the same mix of contemporary and classic décor, presenting cool colours and rich fabrics. The reception and foyer area will also receive an elegant touch and relocation. A new pool and landscaped gardens are incorporated into the extended area and most rooms will overlook this courtyard. Another welcome inclusion is the addition of a new restaurant, serving delectable cuisine, adding to our guests’ delightful experiences at **aha The Rex Hotel**. The yet to be named eatery will open daily for breakfast, lunch and dinner and is expected to be a sought after “eating spot” in Knysna.

**Neil Bald, aha Hotels & Lodges CEO** says, “The extension of the property is estimated at R65m and will further complement the hotel’s aesthetic charm, yet still maintain its timeless elegance. Most importantly however it will offer more enriched services and exceptional comfort to our guests presenting the same delightful experiences that is synonymous with **aha**”

The construction is not attached to the existing building and will therefore not have an adverse impact on our guests stay.
