NETWORK PHASE 01 – KNYSNA CBD**

RE: NOTIFICATION OF CONSTRUCTION INTERFERENCE

It's a great pleasure to announce that *PERSEVCON-MAPITSI JV* has been appointed by *KNYSNA MUNICIPALITY* to execute a project for the *Replacement and Rehabilitation of Existing Water Network within KNYSNA CBD* along the Streets mentioned above.

This correspondence serves as notification to all businesses and property owners situated along the above mentioned streets, that now and then you may be inconvenienced due to the nature of our work.

This may lead to temporary entry and exit difficulties to properties, traffic disturbance as one lane of the road will be closed during working hours, noise pollution, dust, hazardous chemicals, deep excavations, hazard to flora and fauna, sidewalks demolitions and driving around of Heavy duty earthmoving plant. Our complementary personnel will also be roaming around in the vicinity of your area. Daily Tasks must be completed by end of business every day by our team to enable access to properties.

We really apologise for the inconvenience we may cause beforehand.

We hope you find the above comprehensive.

Yours faithfully.

Aubrey Tlhale

Construction Manager
