

**Buffalo Rock Tented Camp** is situated in an unfenced area within the beautiful Kruger National Park. The unfenced experience means that guests often catch sight of leopard and hyena around the Camp, making this camp the place to be for an affordable and authentic safari experience. Buffalo Rock's unspoiled beauty and solitude ensures that visitors have a peaceful and authentic safari experience. Sightings of the Big Five are highly likely in the area and an exclusive bush dinner under the stars, around an open fire, is a must. The Camp is constructed to have minimal impact on the environment and supports community upliftment initiatives.
